FIFA-CERTIFIED VAR AND VOL SOLUTIONS

VOGO, YOUR PREFERRED PARTNER FOR VAR PROJECTS :

Integrated, **turn-key** video & audio VAR solutions, based on proprietary patented technologies

User-friendly, intuitive features for self-operated VAR and replay operators

Customizable to specific needs and budget constraints, in centralized or decentralized configurations

Personalized **support services** by VOGO staff

Cost-effective solutions, from IFAB's standard VAR to VAR light

ALL VAR CONFIGURATIONS

VOGO provides VAR solutions meeting IFAB's standard requirements, adapted to all budgets, in centralized or decentralized configurations.

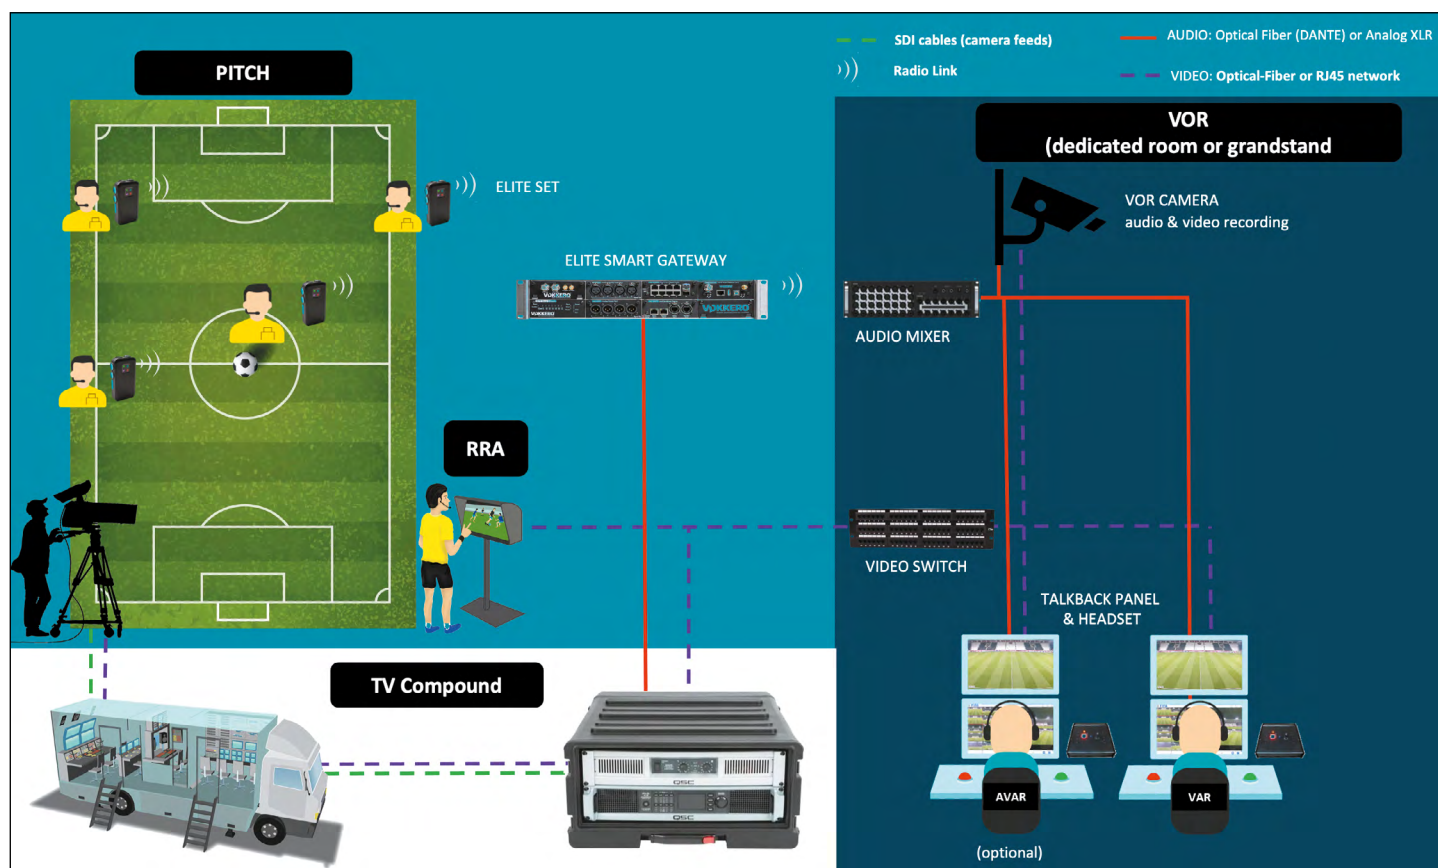

STANDARD VAR

High quality setup including relevant VAR, AVAR and RO positions to operate VAR on premium competitions.

VAR LIGHT

Customized VAR solution, offering the same level of quality as a standard VAR, but operated directly by the Video Assistant Referee (without any Replay Operator), reducing global VAR costs (equipment, staff, logistics...).
